

We urge the FCC not to implement any proposal that would lessen Indiana's Telephone Privacy Law Protections. Indiana's Telephone Privacy Law has been enormously effective and has improved the quality of our lives immensely. We used to at least 10 to 15 unwanted calls per week. Now we don't receive any! The importance of Indiana's Telephone Privacy law cannot be overstated. No longer are our family meals, conversations, quiet moments spent reading, or viewing a favorite movie interrupted by unwanted and annoying sales calls. Please do not interfere with a law that has been so effective at giving us back the peace and privacy all families deserve while in their homes. Thank you.
